Kico

lighting for the most important people in the world

Designed for 0 to 12-year-olds, KICO aims to make children's rooms both cosier and more fun, stimulating them to take part in various activities. The collection is comprised of a wide range of unique, playful and outright fun luminaires perfectly suited to your child's needs. Good lighting is important for everybody, but as it is especially important for children, KICO offers a wide choice of suspensions, ceiling lights, spotlights and table lamps to give any room that extra touch.

Safety first!

Be it a princess or a pirate, an angel or a rascal, your child's safety is our main concern. All KICO products are designed to follow the European "child-appealing safety regulations". Next to ensuring your children's safety, we also make sure to use child-friendly materials such as (FSC) wood and non-toxic paints. Also, most products in the KICO range include Philips light bulbs. Not only do they offer great quality and energy efficiency, they also offer the right light output for your children. Show your children you care, light their world with KICO.
